Dear Roseanne:

Thank you so much for the thank you card. It was a pleasure having you speak to our Women's Business Council group on February 22. Your speech was entertaining and very insightful and our group loved it.

It really helped to put things into perspective when we are all so busy with our jobs, family and other engagements. Your speech really made you stop and think about leaving behind a great memoir for others to remember our history. The short writing we did while at the lunch really brought back a lot of memories and made you realize it was much easier to start writing down your memories than you might think.

Everyone truly enjoyed your speech and the fact that you helped them remember. I have given your names to several other groups in the area as a person to contact for other speaking engagements.

Thank you once again.

Sincerely,

A handwritten signature in cursive script that reads "Lori".
