Dear Rosanne,

Thank you for delivering the Sisters Weekend Personal Enrichment Session on Saturday, April 12, 2008. We have received very complimentary feedback from the women who attended the session. You are pleased to know that we have received comments, such as:

"Great experience - (I) was delighted to discover what memories we shared – and what different times we had."

"Very touching; made you appreciate past experiences."

Excellent - what a great way to share memories."

"So well done."

We hope that you also enjoyed being a part of the 5th annual Sisters Weekend activities and hope you will attend... with your "sisters" next year!

Best wishes,
